

NKASINET
CONSTRUCTION

A multi-disciplinary construction company headquartered in King Williams Town, Eastern Cape, Nkasinet Construction was establishment in August 2007 as an epitome of entrepreneurship emerging from humble beginnings and gradually ascended to become a force to reckon with within the construction industry.

- **Maximum use of resources** on project implementation
- **Exceptional accuracy** in ensuring enhanced quality outcomes
- Ensured project completion **on budget** and **within stipulated project time**
- Professional **excellence** through dedication
- Guaranteed provision of **innovative** and appropriate solutions
- **Community development** through skills transfer within communities in which the projects are undertaken
- **Constant liaison** with clients and beneficiary communities, ensuring maximum project participation.

"Your specialists in the building & civil construction industry."

OUR VISION *Nkasinet Construction seeks to see sturdy and manageable growth in the financial well-being of the company through gained experience; and further aims at developing everlasting relationships with its clients through a maintained reliable workforce as the company's backbone, capable of propelling the company to greater heights.*

ABOUT US Specialising in building and civil projects, the company was founded primarily with the aim of offering quality service to various clients.

Currently ranked at Level 2 in terms of Broad-Based Black Economic Empowerment (BBBEE), it is through sheer determination that Nkasinet achieved steady and manageable growth in the financial-wellness at a rapid pace.

Headed by Asanda Madikane, a young, enthusiastic entrepreneur who has managed to firmly establish the company in the construction circles has achieved Grade 5CE, 4GB, 1SQ Construction Industry Development Board Certificate.

The exceptional organisational structure of the company has enabled it to work hand-in-hand with reputable clients including the South African National Roads Agency Limited (SANRAL). A move that has culminated in enhancing quick skills transfer and skills development among its employees.

Moreover, the management and staff have amassed complimentary experience in construction and project management gained in the field following the successful completion of a series of projects that are under the company's portfolio.

WHAT WE CAN DO FOR YOU

OUR SERVICES

WE ARE COMMITTED TO DELIVERING INNOVATIVE SOLUTIONS WITH REAL VALUE FOR CLIENTS' INVESTMENTS.

- BUILDING & CIVIL CONSTRUCTION
- PLANT HIRE
- WATER RETICULATION
- FORESTRY SERVICES

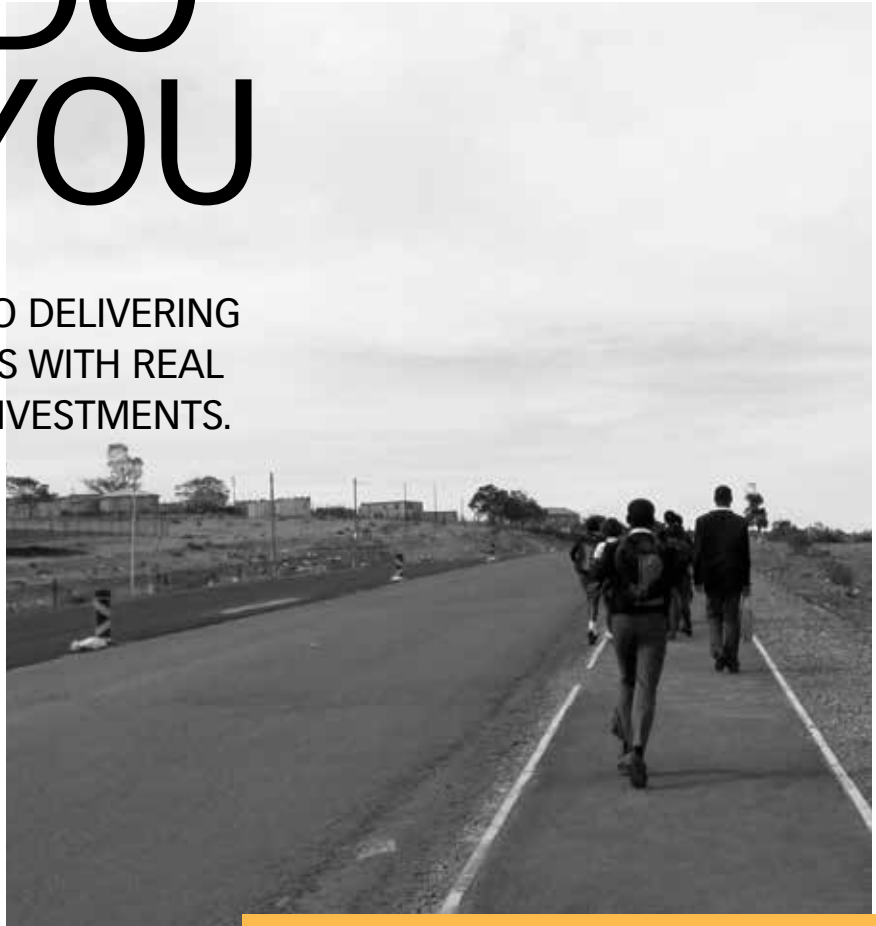

WHAT HAVE WE DONE FOR OTHERS?

Completion certificates, accompanied by the complements from the District Roads Engineer, bear testament of the quality service rendered by the contractor.

In the past five years alone, Nkasinet has successfully completed several projects for the departments of Transport and Roads and Public Works, with one such project being the upgrading of the Durban N2 Umngeni interchange in 2011.

Nkasinet was also contracted by MPSH Engineers in 2012 for the construction of a solid waste transfer station for Nkonkobe Local Municipality.

In the same year, Nkasinet was appointed by Rumdel Construction (Pty) Ltd for the construction of pedestrian walkways on the N2 Keiskamma highway for the Ngqushwa Local Municipality.
